INITIATIVES

Garden

The Sylvan Park garden is run by volunteers. Please join the team to ensure that the garden is ready for teachers and students at all times and to provide after-school gardening opportunities for students and parents.

School Beautification

We are always working to improve the feel and look of the building by printing and framing photographs, adding to the décor around the building, painting, cleaning, etc. Please volunteer to join these efforts!

Science Team

We are so lucky to have scientists who are parents and grandparents at Sylvan Park. Please join these individuals as they support our teachers by assembling kits of materials, co-teach lessons, and engage our students in science projects.
